

Programmer 5.0 Beta Certification Exam

Are you a developer who is experienced in the basic syntax and structure of the Java programming language and in creating applications using the Java 2 Platform, Standard Edition (J2SE), especially the new J2SE Development Kit 5.0 and the J2SE Runtime Environment 5.0? If so, we invite you to help set Java technology industry standards and have your skills certified at the same time by taking the **beta version** of the revised **Sun Certified Programmer for the Java 2 Platform, Standard Edition 5.0** exam.

Beta Dates: January 13 – February 13, 2005

Registration Start Date: January 3, 2005

From January 13 through February 13, 2005, a beta version of the new Sun Certified Programmer for the Java 2 Platform, Standard Edition 5.0 exam will be available at all worldwide Prometric authorized testing centers at a reduced cost of \$49 (US). Exam registration begins on January 3, 2005. Candidates may only schedule and take the exam once during the beta test period.

- < Beta Cost: \$49 US
- < Exam Number: 311-055
- < Passing the exam provides you with full Sun certification status, and you will receive a "certification kit".
- < Candidates will have four to five (4-5) hours to complete 166 questions. The time allotted should give you time to respond to all questions and provide your valuable comments while taking the exam.
- < Beta exam is offered at all Worldwide Prometric Centers!

Beta Exam Sign-up

Unlike other SUN Microsystems, this exam does not require a voucher.
